That Cuba could raise an army of several hundred thousand men is obvious, but there are very few if any Cubass who can see the faintest necessity for it. ### Why Hair Falls Out

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandrift, get a 25-cent bottle of Danderine at any drug store, pour a little in your hand and rub well into the scalp. After a few applications all dandruff disappears and the hair stops coming

the Austin high school quintette appears here for a game with the local boys. Since Waco and Austin tied in football last year, "beat Austin" is the slogan among high school circles.

The game promises to be one of the fastest in scholastic class in Texas this season. Austin is undefeated so far and the Waco boys have made an excellent record to date. The defeat by Chilton does not count officially, since a member of the high school faculty was allowed to play in the game.

"Waco hit its true form while playing Reagan the other night," said Coach

"Waco hit its true form while playing Reagan the other night." said Coach Smith. "The boys are getting good practice from the second team, which is as good as any team they have met so far."

Captain Knebel and Heinie Prinzing are not in the best of shape right now, but it is hoped they will round into tip-top condition by Saturday night. The other men on the local squad are going fine and the whole bunch is determined to "Beat Austin" Saturday night.

A. & M. defeated Baylor last night in the Baylor gymnasium by a score of 28 to 14. The game was hard-fought throughout, with both teams showing excellent form. The locals were not able to handle the excess weight of the visitors during the excess weight of the visitors during the first half, but came back in the second half with a rally of fast team work and clearly outplayed the Farmers for a few minutes. Burket was easily the star for the visitors. He found the basket many times from difficult angles. Braumiller and Settegast played good ball and Kendrick, the Waco guard, was in fine form. Spenser. Thompson and Wilson played consistent ball and were in the play at all times. Spenser's guarding during the last half was spectacular.

The same teams play again tonight. With Harrell in the game it promises to be a better contest than the one last night.

### EXTENSION PLANS DISCUSSED

Groundwork Being Laid for Greater Exposition in 1916-To Build Up Agricultural Departments.

Extensions and improvements for the 1916 exposition of the Waco Cotton Palace were discussed last night and the 1916 committees were appointed at a meeting of the board of directors held in the Chamber of Commerce rooms in the Amicable build. ing. In the discussion of the improvements of the buildings it was brought should be enlarged as this feature of the exposition would be considerably larger than last year. It was suggested that the exposition employ a man whose duties would be to promote the agricultural interests in this section of the state looking forward to a great agricultural exhibit. This matter was referred to the agricultural

committee with power to act.
F. E. Goodman reported that the secretary of the Dallas State Fair had gone to Madison Square Garden to secure the governmental poultry exhibit for the fair and suggested that a committee be appointed by the Cotton Palace board to meet Congressman Henry upon his arrival to this city and urge upon him to try to get the same exhibit for the Waco Cotton Palace. This exhibit is known as a very attractive one in its line and should the Cotton Palace be successful in landing it, it would no doubt attract wide attention.

A letter wes read from the secretary of the American Short Horn Breeders' association which stated that the Cotton Palace had been given regular standard fair classification. This will mean that for every two dollars in premiums offered by the exposition for the prize short here cettle the Am the prize short horn cattle, the American Short Horn Breeders' association will add two dollars. It was stated that this classification was secured through the efforts of Frank Scofield, livestock dealer and an every-year exhibitor and also a mem-ber of the association.

Following a discussion in regard to railroad rates it was decided that round trip tickets good for two days proved to attract more attention even when they sold for more than the one lay round trip rates.
